the battle of  
staying healthy.

LONG-LASTING ANTIMICROBIAL  
HAND PROTECTANT with PROTECTX

## Keeps Hands Safe and Clean for up to 8 Hours

**Pure Gloves** is an antibacterial spray that creates an invisible, protective coating on your hands for up to 8 hours. Its active ingredient kills bacteria using a non-chemical way. It employs a physical method of eliminating microbes so you don't have to worry about microorganisms developing a resistance to the formula!

This liquid spray is alcohol-free which makes it non-flammable and safe for children. And because it's not alcohol-based, **Pure Gloves** is friendly on your skin and hands, keeping them soft and moisturized!

**Pure Gloves** is so effective it kills 99.99% of germs on your hands! Best of all, **Pure Gloves** is able to shield your hands for up to eight hours or ten hand washings, whichever comes first!

up to 8 hours  
of protection

kills 99.99%  
of germs

stays active up to  
10 hand washings
